PROFILE

M.Sc. in Business Informatics with over 6 years of ERP experience, including 3 years of SAP consulting at Capgemini and PwC in Zurich. Focus on S/4HANA in production planning (incl. ddMRP) and materials management (source-to-pay, inventory management), as well as process modelling with SAP Signavio. Project experience in the semiconductor, construction materials, luxury watch, electrification and telecommunications industries. Certified in SAP Activate and business transformation, experienced in working with key users and in multilingual teams (7 languages).

PROFESSIONAL EXPERIENCE

Senior Associate SAP Supply Chain · PwC Switzerland

June 2026 – October 2026 | Zurich | Advisory / Operations Transformation

- Member of the SAP Logistics stream (third-party logistics) in an S/4HANA Public Cloud implementation at a large Swiss industrial client (electrification): inventory management, integration of an external warehouse, functional specifications, change requests, test script creation and review, SIT/UAT, defect management and tracking in SAP Cloud ALM
- Process flow modelling with SAP Signavio for a client in the Swiss telecommunications industry
- Contribution to RFPs and proposals for large-scale S/4HANA transformation programmes for Swiss clients (supply chain operations transformation)
- Internal subject-matter expert for SAP PP, MM, Signavio, Public Cloud and the integrated toolchain

SAP Analyst · Capgemini Switzerland

October 2023 – May 2026 | Zurich

Functional S/4HANA consulting in MM and PP across three international client programmes:

- **Semiconductor industry (CH), S/4HANA ddMRP:** Production planning stream, level 3 support in application management, root cause analysis, change request management, and creation and maintenance of functional specification documents
- **Construction materials and glass industry (FR), S/4HANA implementation:** Member and coordinator of the SCM stream (MM + TM, source-to-pay); led fit-to-standard workshops and show-and-tell sessions with key users; RICEFW management; Signavio L3 process flows; roles and authorisations with GRC; functional design; creation and execution of UAT test cases
- **Luxury watch industry (CH), S/4HANA transformation:** Business process modelling and management with SAP Signavio
- **Presales:** Contribution to proposal decks for RFPs

Additional responsibilities within the SAP team:

- Partner Manager for SAP alliance management, as well as training, certification and learning manager
- Onboarding of new SAP team members
- Europe Cluster Technical GenAI Champion (award, May 2025)
- Ambassador at career fairs of HSG and ETH

Dual Student, Microsoft Dynamics NAV / 365 Business Central · Goodyear Tires

August 2020 – October 2023 | Cologne, Germany

- Development and rollout of new functionality for the Tiresoft ERP system based on Microsoft Dynamics NAV
- Third-level support for the point-of-sale system used by tyre dealers in Germany, Austria and Switzerland
- International projects in the DACH region
